

SCHOLARSHIP PROGRAM

ArtWorks is pleased to support our community through a need-based scholarship program. This program aims to address need for the following circumstances:

EMERGENCY SCHOLARSHIP

To support currently enrolled students whose families have come upon sudden and unexpected financial hardship.

These are generally short-term temporary scholarships, and are set up to address the sudden financial need from a specific family situation. The aim of these scholarships is to make it possible for the student(s) to continue in the program where otherwise they would not be able. There is no pre-set time frame or dollar amount for these scholarships, and they are renewable. Historically, scholarships have been put into place for situations such as a family illness, loss of employment, injury to working parent which led to time out of work, disability, etc.

GENERAL SCHOLARSHIP

To support families of incoming students who for financial reasons would otherwise be unable to participate in our program.

These are generally long-term, renewable scholarships that are set up to address ongoing financial need in families. The aim of these scholarships is to support students with an intense interest in art, and a specific interest in receiving instruction in traditional, realistic methods. We award general scholarship based on level of interest and commitment in the student (contact us to receive application guidelines for further information about the assessment process).

JENNIFER DAVIS SCHOLARSHIP

To support a middle school student who shows great promise but because of some limitation, would not normally have a program like ours available to him or her.

The Jennifer Davis Memorial Scholarship is available to a middle school student with a particular interest in and affinity for art. We welcome candidates from any area and hope that family members, teachers and other qualified individuals will contact us with information about any students that they feel meet the above criteria.

The scholarship is for a period of three months, initially, and will cover tuition, registration and materials for that time period. The recipient will be enrolled in a 1 1/2 hour class once per week and will be scheduled as soon as possible after being awarded the scholarship. If a new student has not been awarded the scholarship at the end of each three-month period, then the current scholarship recipient may re-apply for continued support. If a new recipient has been designated, parents are welcome discuss alternatives to this scholarship with the Director.

Please contact our office for further information or to receive scholarship application guidelines. We can be reached at 415.759.5757.
